Student Property

Inspiration Inc., DBA Forest Dance Academy is not responsible for lost or stolen items. We ask that you not bring valuables (including currency/electronics) into the studio. If you choose to bring personal items, it is at your own risk.

Medical Guidelines

Students and parents/guardians are responsible for making sure all medical conditions and allergies are fully described and kept up to date in Compudance. This includes a description of any required medication, device (such as an inhaler, or emergency medical device (such as an epi-pen) which the student may need and specific instructions for when/under what circumstances the medication/device should be used and how it should be used. You acknowledge and understand that FDA does not render medical care, including medical diagnosis or

treatment, to students or others, and that any assistance that FDA staff may offer to a student will be limited to responding to an emergency. In the event of an accident or injury, the parent/guardian will be notified first. If unsuccessful, the person that you have designated for emergency situations will be notified. In the event that no one can be reached, Inspiration Inc., DBA Forest Dance Academy, and its staff will act as guardian for your child and administer whatever first aid is required. FDA does not carry medical insurance for students. You must maintain sufficient medical insurance or pay all costs associated with any injuries and illnesses that may occur as a result of a student's participation in FDA programs as it is your responsibility.

Medicine

All students with medication/device must comply with the following requirements:

The medication/device must be placed in a closed plastic baggie clearly labeled with the student's name and easy to understand written instructions concerning when/under what circumstances the medication/device should be used and how it should be used. The instructions in the baggie also must include the name and telephone number for two emergency medical contacts. Students with medication/devices are required to bring the baggie to and from FDA activities and, at all times while at FDA, to keep the baggie in their dance bag. FDA keeps children's benadryl, ibuprofen and tylenol on hand, but medication will not be provided without prior parent's approval.

Allergens

Students, parents/guardians, and guests are discouraged from bringing food products containing nuts of any kind onto the premises of FDA. However, FDA cannot guarantee that its premises will be free from allergens of any kind, including but not limited to food products containing nuts. In the event that food is distributed for camps or social activities we ask that dancers with food allergies supply their own snacks.

It is the expectation that each student will participate in all of their routines for both the Christmas Show, and The Mini Showcase or The Spring Production. If a student is not going to participate in the performances, students and parents are responsible for informing FDA in writing by completing a Performance Non-Participation Form. Students cannot pick and choose particular classes for the performances, they may only notify FDA of the total number of classes they OPT-IN for. All Acro students must participate in the performances for partnering & skills and the safety of our dancers.

(Christmas Show) If a student is not going to participate in the Christmas Show Performances, students and parents are responsible for informing FDA in writing completing a Performance Non-Participation Form no later than the first day of classes (September 7th).

(Spring Showcase & Production)

If a student is not going to participate in the Spring Showcase and/or Production, students and parents are responsible for informing FDA in writing completing a Performance Non-Participation Form no later than November 1st.

Class Withdrawal

Parents are responsible for notifying the studio, in writing, prior to the first of the month if their child chooses to drop one or more of their classes to avoid being charged that month's tuition. To withdraw a student from any FDA class, you must notify the studio office in writing by completing a Class Withdrawal Form. Failure to attend classes does not constitute a withdrawal. Tuition, Costume, Performance, and Company fees are non-refundable. FDA may, at any time and in its sole discretion, terminate a student's further participation in any FDA program for failure to comply with our standards and without refund.
