YOUTH PROTECTION ADVOCATES IN DANCE

Y.P.A.D. | The mission of Youth Protection Advocates in Dance is to provide dance professionals with the skills and resources to protect and develop healthier and safer dance environments. Through the use of online courses and live seminars, YPAD educates dance professionals and communities worldwide on the core elements of constructing an environment focused on the well-being of kids and a sustainable, safe future for dance. YPAD equips teachers with the necessary tools to keep kids happy, healthy and safe. Courses empower dance educators and dance organizations with best practices for a safe and sustainable future in the dance industry. YPAD believes that when you know better, you do better. As a result, YPAD courses are evidence-based, educational courses with a trauma-informed approach for dance professionals and the dance industry as a whole.
